March 31, 2021

Dear Mr. Bonnie:

The National Association of Forest Service Retirees (NAFSR) last communicated with you in our February 15, 2021 congratulatory letter where we also expressed our desire to sit on the National Wildfire Commission. In addition, we stated our extraordinarily strong endorsement of the Century 21 Project.

Since that time, we have done a lot of serious thinking and had many internal discussions about what our more specific position should be as we go forward.

As a result, we have prepared and attached our position paper titled "America's Forest Management Crisis - A National Catastrophe". We strongly believe that we have a profoundly serious situation that is affecting this country's forests. We urge you to read and consider our viewpoint and the actions we plan to pursue in the future.

We also offer NAFSR's assistance to help you achieve the results stated in the Climate 21 Project. We are more than ready and willing to add value wherever we can to address this serious situation.

Sincerely,

James L. Caswell

James L. Caswell, Chair
National Association of Forest Service Retirees
